Statement of Capabilities:

About Us:

Herr Pump Company, also known as Eden Valley Pumps, is a well-established, **SDVOSB certified**, reputable provider of pumping solutions, catering to a diverse range of industries. With a rich history dating back to World War I, we have evolved into a trusted partner in the fluid handling industry. Our experienced team is dedicated to delivering top-notch products and services that exceed customer expectations.

Core Competencies:

1. **Pump Sales and Distribution**
    - Offering a full range of pumps, including centrifugal, submersible, rotary gear, vertical turbine, slurry, and self-priming pumps.

    - Authorized distributor for **Gorman-Rupp, Barnes, AMT, Cornell, Barmesa, Simflo, Flygt, Jabsco, March, and many more.**

2. **Custom Pump Solutions**
    - Designing and engineering tailored pump systems to meet specific operational needs.
    - Providing solutions for complex and high-demand applications.
3. **In-House Repair and Maintenance**
    - Fully equipped **repair facility** with trained technicians.
    - Preventative and comprehensive maintenance programs to enhance pump longevity and performance.
4. **Field Services**
    - **On-site installation, inspection, and troubleshooting** services.
    - Preventive maintenance and emergency repair services to **minimize downtime**.
5. **Parts and Accessories**
    - Extensive inventory of genuine replacement parts and accessories.
    - Fast turnaround times to reduce operational disruptions.

Relevant Past Performance:

Herr Pump Company has successfully executed government and commercial contracts, demonstrating reliability and excellence in delivering pump solutions and related services.

Department of Veterans Affairs (VA) – Hampton VA Medical Center Pump Supply

- **Client:** U.S. Department of Veterans Affairs – Hampton VA Medical Center
- **Contract Number:** 36C24625P0323
- **Scope:** Removed and replaced two stormwater pumps in **Building 110B** at the Hampton VA Medical Center.
